CONNECT TO A NATIONAL NETWORK

Regional Chapter members automatically become members of the national Asset Funders Network. We are uniquely positioned to highlight local best practices, and provide successful approaches a national platform.

BROADEN YOUR KNOWLEDGE & EXPERTISE

AFN elevates promising practices, ideas, and the latest key issues, enabling members to advance best practices locally, while developing collaborations and scaling emerging innovations.

COLLABORATE

AFN connects and supports grantmakers and foundations working on a range of issues across the asset building spectrum. Evidence shows that when investments are connected through a framework of asset building and designed to address poverty, promote equity or increase future opportunities, the impacts are stronger and more sustainable.

EXPAND YOUR PROFESSIONAL NETWORK

AFN Regional Chapters provide a neutral forum exclusively for grantmakers, to share their intellectual capital and expertise, discuss challenges and learnings. Collaboration centers around regional innovation, further developing nimble and effective financial capability strategies.

WORKING TOGETHER, Asset Funders Network members make change by increasing opportunity and financial security at a scale we could never achieve alone.
