

# Welcome

Our Financial Empowerment Center (FEC) Coaches are here to help you organize your finances and develop and maintain your financial goals. From budgets and credit cards to savings and getting out of debt, we are here to encourage and show you how to get your finances in order.

As you meet with your Financial Empowerment Center Coach, you will review your progress towards your goals and discuss strategies for staying on track.

### How can you participate in the Financial Empowerment Center (FEC) Coaching Program?

Send an email stating your interest to: [rpereira@miamigov.com](mailto:rpereira@miamigov.com) or [anarojas@miamigov.com](mailto:anarojas@miamigov.com) or call (305) 416-1442 or 305-416-1621.

We will contact you and give you a chance to ask questions and learn more about the program. Everyone who applies will have the opportunity for an initial counseling session and the program is entirely offered at no cost to participants.

### Is there a fee to work with a Financial Empowerment Coach?

Because of the generous support of Citi Foundation, the Financial Empowerment Coaching program is completely free of charge to you the client.

We expect a high demand from local residents to enroll and participate in the full FEC program, so don't wait and enroll TODAY! Anybody can participate no matter where you live within the City of Miami.

## GETTING YOUR FINANCES IN ORDER

*In partnership with Operation HOPE,  
we are pleased to offer Financial  
Empowerment Coaching with the  
generous support of Citi Foundation.*

*Our FEC Coaches will work with you  
every step of the way as you set your  
goals, develop a personal plan, and  
improve your finances.*

### What is “Financial Empowerment Coaching” all about?

Financial Empowerment Center (FEC) Coaching, is all about getting your personal finances in order. You will benefit, by enhancing and developing the skills you will need to know to understand your finances, keep track of them and reach your personal goals.

### What is the Financial Empowerment Coaching Process?

Because our clients come to us from different walks of life, incomes, ages and educational levels, you will start with a quick financial check-up to help you assess your overall credit & money management fitness; then, with the help of one of our Financial Empowerment Coaches, you will determine what you would like to accomplish and create a personalized plan to get you on track, and help you stay on track with your money.

This is not just a one time commitment. We are your long term partner. You will meet with your own Financial Empowerment Coach for a minimum of 5 sessions over a 12 month period in order to:

- Set and track the financial goals that are meaningful to you
- Get your finances organized
- Uncover the mysteries of your credit history and your credit score
- Develop strategies to help you pay down and get out of debt and save money
- Access online tools and helpful worksheets
- Receive resources to help your kids learn about money management
